

# Rayeesa Mahmood

Full-Stack Developer & UI/UX Designer

Hyderabad, India · rayeesamahmood8098@gmail.com  
linkedin.com/in/rayeesa-mahmood · github.com/RayeesaMahmood  
rayeesamahmood.github.io/PORTFOLIO

Full-stack developer and designer with 3 published research papers and several live production apps. I build multi-agent AI systems with the Claude API, REST APIs in Python and Node.js, and real-time Firebase apps, and design their interfaces in Figma. Best Presenter, ICSDE 2026.

## Skills

|                      |                                                        |                 |                                                 |
|----------------------|--------------------------------------------------------|-----------------|-------------------------------------------------|
| <b>Languages</b>     | Python, JavaScript, SQL, Java                          | <b>Frontend</b> | React, HTML5, CSS3, responsive design, Three.js |
| <b>AI &amp; LLMs</b> | Claude API, multi-agent systems, prompt design, OpenCV | <b>Backend</b>  | Flask, Node.js, REST APIs, Firebase, SQL, NoSQL |
| <b>Design</b>        | Figma, Adobe XD, Photoshop, Illustrator, prototyping   | <b>DevOps</b>   | Git, GitHub, CI/CD, Vercel, Netlify             |

## Experience

### Co-Founder

Current

Bizzapt Enterprises, Hyderabad

- Lead design and web development for a digital studio serving startups and small businesses
- Designed the brand and built the company website end to end, from wireframes to deployment

### Technical Head

Feb 2023 – Jul 2025

CodeWave Hub Community, Lords Institute of Engineering and Technology

- Designed and led Python training for 100+ students across 3 batches; structured lab guides cut onboarding time by 30%
- Co-organised 2 state-level HackPrix hackathons with 50+ teams; mentored juniors on full-stack work

### Web Development & Python Intern

6 months

IntenCode, Hyderabad

- Built responsive, cross-browser client pages in HTML5, CSS3 and JavaScript in a 5-person Agile team
- Wrote Python automation for data processing and reporting, cutting manual effort by 40%

### Full-Stack Web Development Intern

6 months

PANTECH, Lords Institute of Engineering and Technology

- Built and deployed 2 full-stack web apps with Python, Firebase and JavaScript, using CI/CD and Vercel

## Projects

### MediCore AI – Clinical & Health Insurance Workflow Automation

medicore-psi.vercel.app

- Five-stage agent pipeline for claims, scheduling, record sync and fraud detection over 1,200 patients

Python · REST APIs · Multi-agent architecture · [github.com/RayeesaMahmood/MediCore](https://github.com/RayeesaMahmood/MediCore)

### RayCare – Hospital Queue Management & Patient Tracking

raycare.vercel.app

- Real-time hospital queue with emergency booking and live tracking; sub-second Firebase sync across users

JavaScript · Firebase · HTML/CSS · Vercel · [github.com/RayeesaMahmood/RayCare](https://github.com/RayeesaMahmood/RayCare)

### AuraOS – Vision & Voice-Enabled System Control

ai-operating-layer-interface.vercel.app

- Hands-free computer control through voice and gestures; 96% accuracy on custom gesture recognition

Python · OpenCV · MediaPipe · Speech recognition · React · [github.com/RayeesaMahmood/kanz-Hackathon](https://github.com/RayeesaMahmood/kanz-Hackathon)

## Publications

### AI-Agent Framework for Clinical and Health Insurance Workflow Optimization 2026 · DOI

10.6084/m9.figshare.32041392

### RayCare: Hospital Queue Management System ORCHIDS

Int'l Conference · DOI 10.6084/m9.figshare.30545999

### Multi-Agent Framework for Real-Time AQI Monitoring Int'l

Conf. on Emerging Technologies · DOI

10.6084/m9.figshare.30933533

## Awards & certifications

**Guinness World Record** AI Training Hackathon, Jul 2026

**Best Presenter, ICSDE 2026** Lords Institute, Aug 2026

**Anthropic Claude course** LLM APIs and app development

**IBM SkillsBuild** ICT certification

**Job simulations** Deloitte Australia (Technology), AWS APAC (Solutions Architecture), Tata Group (Cybersecurity)

## Education

### B.E., Computer Science & Engineering

2026

Lords Institute of Engg. & Technology · CGPA 8.66

### Intermediate (MPC)

2020 – 2022

Iqbalia Junior College · 8.8 / 10

## Leadership

**Vice President** Lords E-Cell, 2024

**Treasurer** IEEE Student Branch, 2023 – 2025

**Judge & mentor** App Fusion
